Open & Limited Classes – 4250, 5250, 6250 and 7250

Limited Class is 18.4x38 or smaller. **Please specify when signing up.**

CEMENT RULES:

1. Contestants enter at their own risk. County Line Antique Tractor Club will not be held responsible for any injuries, accidents or property damage. Judges reserve the right to stop any contestant operating in an unsafe or dangerous manner. Judges reserve discretion on all rules stated and not stated.
2. All tractor and operators must weigh in before the pull. Contestants must sign a waiver at weigh in. Any contestants under the age of 18 must have a parent or guardian sign the waiver as well. An adult responsible for the underage contestant must be at the track side during the pull while minors are pulling. No one is allowed on the pulling track during the pull except track workers.
3. Hitch shall be no less than 24" behind the centerline of the rear axle and no higher than 20". Hitch must be rigid in all directions and be deemed safe by judges and have a minimum 3" hole.
4. Fenders AND Wheelie bars are MANDATORY and shall be a minimum of 4" behind radius of rear tires lower than the hitch with a minimum 4x4" pads, shall support the tractor at its heaviest weight and be independent of the hitch. If the hook touches the concrete pad while pulling, that pull will be blown dead and no measurement given.
5. Weights shall be securely fastened no further forward than 11' from the center of the rear axle, extend no more than 36" behind the center of the rear axle or must be inside the radius of rear tires- whichever is greater and they must not interfere with hitching area.
6. NO BOUNCING OR JERKING! Anything falling off the tractor during pull shall result in disqualification of that hook.. If any part of the rear tire goes off the cement pad, that pull will be blown dead with no measurement given.
7. If a tractor is entered by multiple drivers in the same class, it will only receive the highest spot it placed and there will be a tractor placed between drivers. Tractors are allowed to pull multiple classes.
8. Two 30 second attempts per weight & the pull must be made during the 30 seconds. Do not pop the concrete – if the concrete pops, that hook shall be blown dead with no measurement given.
9. NO dual tires, no tire chains, no steel wheels and no tractors allowed to pull in 4 wheel drive.
